excelwayusa.com

LITTER VACUUM CLEANING SOLUTIONS WITH BOOM

- All-terrain litter vacuum for parks, parking lots, sidewalks, alleys, downtown districts, and more
- Battery pack offers up to 9hr autonomy on a single charge

LN50 VEV

- Identical to LN50, but with closed cabin and 6-position robotic joystick
- Optional 48 inch wide vacuum head for effortless litter pick-up
- Electric version available

LR50

- Your 'must-have' portable vacuum for fence lines, roadside litter, shelters, trails, ditches, and other wind-blown trash areas
- Suction hose up to 50 feet long
- Available skid mount or trailer mount

LP61-G

LITTER VACUUM CLEANING SOLUTIONS WITH BRUSHES

- Only 48 inches wide, specifically designed for sidewalks and pathways, bike lanes, parking lots, alleys and other locations that bigger sweepers can't manage
- Optional retractable wander hose and pressure washer gun

LS175

- Electric sweeper with 69.2 kw/h battery pack
- The only 48-inch-wide machine of this kind built in North America!
- 78 inches tall - ideal for parking decks and other height constraint locations
- Litter capacity of 1.25 cu.yd. with 3 stage-filtration process
- GhG reduction of 30+ tons per year
- Noise reduction of 10 dB or 10 times less noisy than diesel version
- ROI between 3 to 4 years without grants
- Strategic partnership with leading company Zero Motorcycles
- California based know-how and proven technology
- Best "energy per weight and volume" ratio in the industry

LS125 VEV

COMPACT SWEEPERS CLEANING SOLUTIONS

- Compact vacuum sweeper-only machine for bike lanes, streets, parking lots and more
- Optional 3rd brush
- 2WD with optional 4WD and 4-wheel steer

B200-S

- Robust, 4WD rear steer mechanical sweeper designed for challenging debris such as broken glass, sand, rocks, ...
- Easy to operate – optional pressure washer gun for additional cleaning

BD202

- Coming in 2025
- Electric, 5.2 cubic yard street sweeper with 9hr autonomy on a single charge
- Optional 3rd brush
- Winter attachments and other multi-use possibilities

B400 VEV

COMPACT MULTI-PURPOSE MAINTENANCE SOLUTIONS

- Patented iLink technology for quick and easy transition attachments on B200-M and M200 models
- Vehicle automatically recognises the attachment being connected
- Rear attachments only 4 simple anchor points

ATTACHMENTS

- B200-S with iLink system for all-season cleaning and maintenance attachments
- Snowplow, snow broom, salt spreader, and more
- Reduce fleet count or increase cleaning and maintenance possibilities without impacting fleet size

B200-M

- Same machine as B200-M with iLink system but no sweeper brushes / hopper
- Dumper, dry box, washer with telescopic bar / 528 gal. (2000 L) water tank, and more

M200

LC600 VEV

6 CU YD. REAR-LOAD
MINI GARBAGE
TRUCK WITH
2 TRANSPORT
POSSIBILITIES

TOW-BEHIND

CHASSIS-MOUNT

Single motor for loading, compacting,
and tipping | up to 10hr autonomy on
a single charge

- For cities and contractors looking to improve their waste management operations and meet zero-emission standards
- Eco-friendly solution for collecting litter and waste in limited access areas such as parks, alleys, last mile, and more!
